Hi! I am a technology integration facilitator with San Antonio ISD and we are currently trying to revamp our cyber safety curriculum. I came across your digital citizenship video tutorials that are free and I was wondering if I could embed hyperlinks to your videos within our website so that teachers do not have to do much searching. I will not download and change any of the materials, I would just like for teachers to know they can use these as well. Thank you and hope to hear from someone soon😊
